

# Learning Supports in the Middle Years Programme and the Diploma Programme

Instruction begins when you, the teacher, learn from the learner; put yourself in his place so that you may understand... what he learns and the way he understands it.

- Søren Kierkegaard

**Q:** How do we define "fair"?

**A:** Most people believe that fairness is based in objective equality. As educators of students with special needs, we believe that fairness in education means that students have their individual learning needs met in a manner that respects the fundamental needs and culture of the classroom as a whole.

Special Education Learning Supports include:

- Four hours per week of small group support in place of Language B
- Period 8 Approaches to Learning Support Sessions
- Differentiated Instruction
